

EDUCATION

Degree	Specialization	Institute	Year	CPI
B.E	Computer Science & Information Technology	MVSR	2023-Present	8.66
BIETS	Physics, Chemistry, & Mathematics	Sri Chaitanya	2021-2023	9.8
SSC	-	Sri Chaitanya	2021	10.0

PROJECTS

- **AI Powered Remote Skill Training**
 - Developed an AI-driven platform for remote skill training, leveraging LLM Models and adaptive learning models to personalize learning paths based on user performance
 - Implemented a Interactive Quiz for Every Lecture in a Course.
 - Integrated AI-powered chat for every lecture, enabling real-time query resolution and interactive learning experiences
- **Web Automation for Result Collection** [Education]
 - Automated the collection of all user results from MVSREC using Selenium, data extraction from the university portal
- **E-commerce (Shopping cart Website)**
 - Created an e-commerce website using a combination of HTML, CSS, and JavaScript for the frontend.
 - Implement product listings, shopping cart functionality, and secure payment gateways. Implement a dynamic shopping cart that displays the total price, and allows for quantity adjustments.

POSITIONS OF RESPONSIBILITY

- **Coding Contest Coordinator**
 - **Organized a campus-wide coding contest** attracting over 150 participants, overseeing everything from creating problem statements to managing logistics and prizes. Fostered a competitive yet collaborative environment that encouraged skill development and innovation.
 - **Led the organization** of an inter-college coding challenge with 200+ participants, collaborating with sponsors for prizes. Coordinated problem design, publicity, and day-of operations, ensuring a smooth experience and high-quality competition.

ACHIEVEMENTS

- AI-ML Certification by AICTE in collaboration with Eduskills
- Full Stack Web Development Certification by PWSkills.
- Data Structures and Algorithms Certification by Geeks for Geeks.
- Secured top positions in several hackathons.

TECHNICAL SKILLS

- **Languages:** Python, Java , C, C++, JavaScript, TypeScript, MySQL, PostgreSQL, MongoDB
- **Tools:** Autodesk Inventor, Jupiter Notebook, LaTeX, VS Code, GitHub, Docker, VMware, Postman
- **Soft Skills:** Communication Skills, Collaboration and Reflection, Adaptability, Physical Dexterity, Time Management.
